Free or buy a **full subscription** of Written Chinese Reader for \$8-\$20 USD/month.

Install Written Chinese Reader

Download the latest Written Chinese Reader software from <http://writtenchinese.loqu8.com/download.htm>

- Depending on your browser, click **Run** or **Save File**
- Double-click to install
- Follow the on-screen instructions
- Restart** your computer after installation is completed

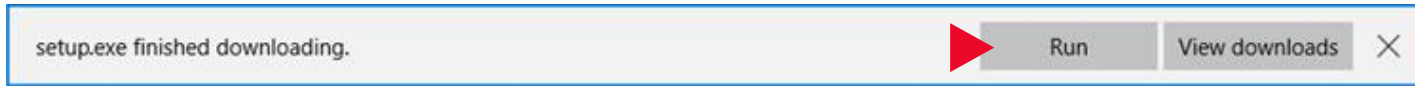

System Requirements

- Microsoft Windows 10 (desktop), 8 (desktop), 7 or Vista
- Microsoft .NET 4.5
- Mouse or equivalent

Download and Run

Microsoft Edge on Windows 10

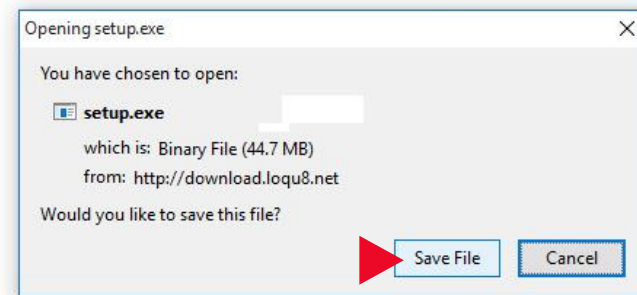

After setup has finished downloading, click **Run** to start the installation wizard.

Mozilla Firefox

Click Save File and follow the on-screen instructions.

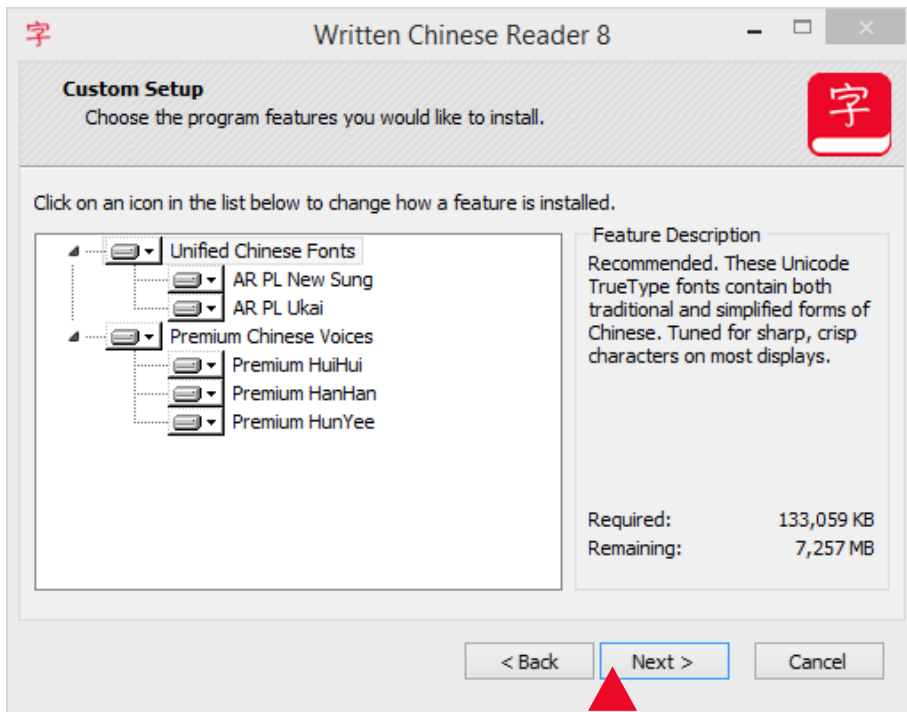

Google Chrome

Save the file and follow the on-screen instructions.

Installation Options

Install only the capabilities you want or need.

Written Chinese Reader includes a powerful wizard that gives you several options during installation.

- A. Complete (recommended)
- B. Compact
- C. Custom

The Custom option allows you to choose exactly which items will be installed. Re-run the wizard to add or remove any items.

- Unified Chinese fonts
- Premium Chinese voices

After installation, **restart** your computer. By default, Written Chinese Reader starts automatically; you may change this in the Settings.

Tip: For Professional and Ultimate Edition users, see writtenchinese.loqu8.com/resources.htm to install your included premium dictionaries.

Enable Browsers

Add support to your web browsers with extensions.

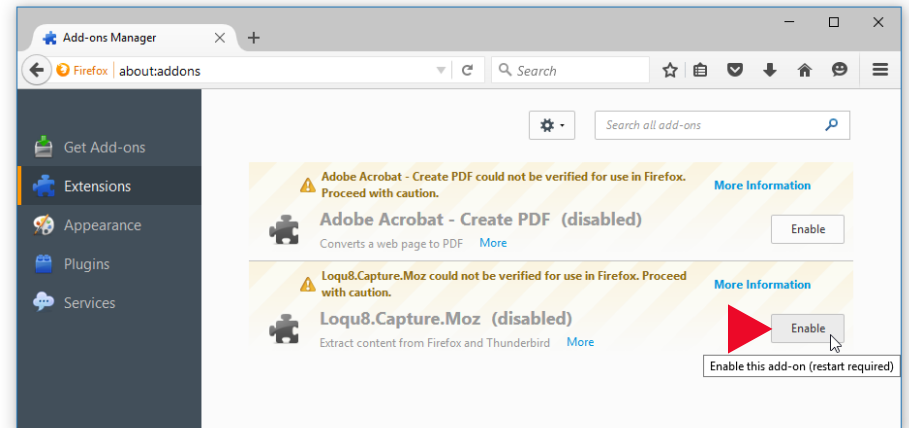

Microsoft Edge on Windows 10

No extensions required

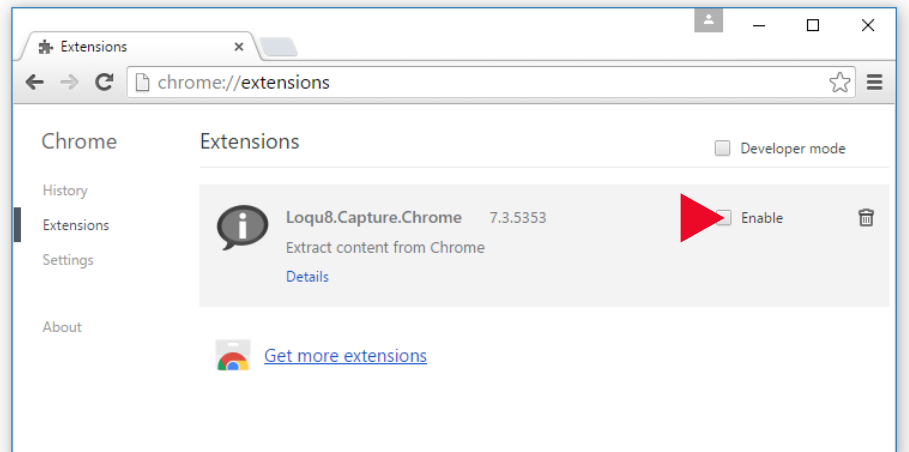

Mozilla Firefox

Open Add-ons > Extensions and click **Enable** for Loqu8.Capture.Moz. You will need to restart Firefox

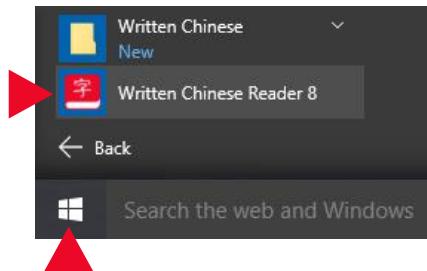

Google Chrome

Open Settings > Extensions and click **Enable** for Loqu8.Capture.Chrome
